## **SB 2733 - HB 2938**

April 9, 1998

**SUMMARY OF BILL:** Allows hospitals or nursing homes to apply for a certificate of need for subacute services as defined by the Health Facilities Commission. The number of beds approved by the commission is limited to 125 annually.

### **ESTIMATED FISCAL IMPACT:**

**Increase State Expenditures - Not Significant**  
**Increase State Revenues - Not Significant**

Assumes some increased cost and revenues to license and regulate the new beds, however, the impact is estimated to be not significant. TennCare currently has no payment category for subacute services. The TennCare program has a global funding cap that limits the total amount of expenditures to the TennCare program.
